The Ballot Fairy's Gifts For Biden

By Al Benson November 10, 2020

The site <https://www.thegatewaypundit.com> in an article posted today, 11/10, made some interesting comments. It noted that “There are several reports on Election night that five battleground states quit counting on Election night. **Newsmax** pointed out the coincidence of it happening in those five states with Democratic governors and with Trump ahead before the ‘pauses.’ Wisconsin, Michigan, Pennsylvania, North Carolina, Georgia and Nevada mysteriously quit counting after midnight.”

Trump was comfortably ahead in those states when the counting stopped. It was reported in Fulton County, Georgia to observers and the media that they were shutting down the vote tabulation center at 10:30 p.m. on election night—only to continue the counting of ballots secretly until 1:00 a.m. the next day.

So why did the counting stop in these places and observers get sent home in most of them? Well, you see it's this way. With Mr. Trump having good leads in these states, it was about time for a visit from the Joe Biden Ballot Fairy. The Ballot Fairy is known to magically show up in states where Biden is trailing significantly and deliver to him the votes needed to surpass wildly any total Mr. Trump might possibly come up with.

The Ballot Fairy visited one state in the early morning of 11/4 with over 180,000 votes for Biden and *only* for Biden. These ballots were *all* marked for Biden and no one else on any of the ballots was voted for. No down ticket votes on any of them. They were strictly for Biden and no one else! If you are curious as to where the Ballot Fairy got all these votes for Biden and *none* for Trump, well, let me just say that you are not alone. Others are wondering the same thing, myself among them.

Mr. Trump's campaign members are checking into this to the point where they have filed, at least at this point, lawsuits in Pennsylvania against Pennsylvania's “Mail in ballot deadline.” And others have joined in this lawsuit. In fact, the Attorneys General of ten states have filed an “amicus brief” with the U.S. Supreme Court that challenges the legality of the mail in ballots in Pennsylvania. Those ten states are Alabama, Arkansas, Florida, Kentucky, Louisiana, Mississippi, South Carolina, South Dakota, Missouri, and Texas. Note that seven of these states are part of the Old Confederacy.

Lots of folks are wondering where the Ballot Fairy got all these Biden ballots. Santa Claus shows up in a sleigh, but the Ballot Fairy seems to show up in a truck in various locations and the truck is just chock full of boxes of ballots for Biden. So many boxes that the Ballot Fairy can't even tote them all in He needs help from the postal clerks or whoever is where he dumps the ballots off. Most folks who try to can't get a good look at the Ballot Fairy. He gets there, dumps his Biden ballots and is gone in a flash, onto the next state that needs more Biden ballots to surmount Trumps lead.

You can bet the Ballot Fairy ain't no Republican. He must be some sort of radical, leftist Democrat because no one else would do the dirty job he has been entrusted with. But he's good at it. No one else could deliver all those midnight votes for Biden and get away with it without even being seen or identified. The fact that the vast majority of those votes may well be fraudulent bothers him not one iota. Fraudulent votes for leftists are his meat and potatoes. This isn't the first time he has done this, and I doubt it will be the last. Right now it's Biden votes. Next time, who knows?
