Biden's Third World Re-election Hopes

By Al Benson April 19th, 2022

Pat Buchanan had an excellent article for today that appeared on lewrockwell.com this morning. It was about previous presidents recognizing their constitutional obligation to protect our southern border and protect us from foreign invasion. And then there is Joe Biden who is doing just the opposite.

Pat noted that: "Biden is now planning in May to lift Title 42, which requires that unvaccinated migrants seeking entry at the border remain in Mexico. According to ABC, the Department of Homeland Security is bracing for as many as 18,000 migrants per day at the US southern border if Title 42 is revoked. Most of these migrants still come from Mexico, Guatemala, Honduras and El Salvador, but growing numbers now come from all over the world. They are of every race, nationality, culture, creed and ethnicity, and they are steadily converting America from a First World Western nation into a predominately Third World country."

Pat continues: "By failing or refusing to do his constitutional duty to defend this nation from invasion, Biden is letting this happen...What we are witnessing is the Third Worldization of the USA." And that is exactly Biden's agenda. He has no more intention of doing what he should be doing than he has in jumping over the moon. Indeed, the "Third Worldization of this country is exactly what Biden and his handler, Barack Obama want. Let's not kid ourselves—Joe Biden is nothing more than the mouthpiece for Barack Obama's third term. Obama couldn't officially get a third term so they gave him a ventriloquist's dummy named Joe Biden that he could rule through and no one is supposed to have figured that out.

And what do you think Biden's "voting rights" act is really all about? It's about the right to vote—for immigrants that are not citizens of this country but are now living here. So, the plan is to give all these illegal immigrants the vote, the premise being that most of them will vote Democrat and give the Democrats every election from here on out! They figure that, plus a little more creative vote counting should do the trick and keep them in power forever. Then they can truly make this country a banana republic—which has been Obama's goal all along.

It doesn't take a rocket scientist to figure this out. Actually, the Democrats are rather transparent, that and they figure the American public is stupid. And if we all listened to their bought and paid for excuse for a news media we would indeed be stupid, or at the least, grossly misinformed. Thankfully millions of us have learned better, much to Democrat chagrin. And their solution for that problem—treat all those who refuse to follow their line of tripe as "domestic terrorists" except that's not really working either.

We need to ask the Lord's guidance in how to resist these Democrats and the Deep State people that pull their strings, because what they are trying to do to this country is evil and must be resisted.
